### MOMC – "Largest Registered & Released" Tournament – Rules & Regulations

- Eligibility for prizes is on an individual basis, by MOMC members only. **Not by boat eligibility.**
- Kids and grandkids, 16 years of age or younger, while fishing with the family primary member, under family membership, are eligible. (Spouses and 17 year old kids would need to enter separately.)
- Eligibility is determined by the individual MOMC member paying \$50.00 to the club, no later than June 1st. (All MOMC members are eligible for the "Largest Registered & Released" Tournament.)
- The "Largest Registered & Released" Muskie, determined by weight for the MOMC year, will receive a cash prize. The "Largest Registered & Released" Tournament purse will be announced, and cash prize awarded, during the MOMC Annual Awards Banquet.
- Cash prizes are based on the number of entrants received for the MOMC "Largest Registered & Released" Tournament.
- Eligible Muskie must be registered per MOMC Rules & Regulations, and be **SUCCESSFULLY** released, as witnessed by the MOMC Weigh Master or a MOMC Board of Director.
- Witnessed release means a MOMC Board of Director or Weigh Master, must be present, when a registered Muskie is released, out in the lake. Muskie are **NOT** to be released in the warmer, less oxygenated waters, found in most marinas and harbors. It is the anglers' responsibility to transport their Muskie out to cooler waters, for the release. The MOMC will provide a witness, to verify if the release was successful.

***Thanks for participating and good luck fishing!!!***
